Ever Sharp Tools is one of the world's leading suppliers of complex cutting tools, precision drilling/milling tools and measuring tools. Our product offerings include broaches, hobs, skive cutters, milling cutters, spline forming racks, specialty drills, specialty cutters, spline gauges, specialty variable gauges, master gears and many other related products.

Founded in May 2016, Ever Sharp Tools serves as the sales and service center for all customers throughout North America, supporting global manufacturing of our parent company, EST Tools Company Ltd. With more than 40 years of experience with gear and spline cutting and measurement tooling, EST is a premier supplier of precision tools.

EST has more than 500 employees and 1 million square feet of manufacturing space globally. Our more than 500 machines are modern, European designed/manufactured and primarily CNC. EST has invested in a world-class ERP system to track every tool and ensure the best quality process. With our resources and expertise, EST can help you meet your goals for better quality, faster machining cycles and lower cost per part.

Visit our website at www.est-us.com to learn more about our products and services. Contact our sales team at sales@est-us.com for a custom quote or to learn more about the solutions EST has to offer.

Excellent team Excellent equipment Excellent product

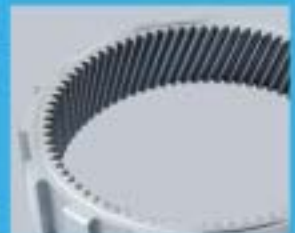

Big Broaches ▶

The largest diameter is up to 13.8 inches and the length is up to 118 inches.

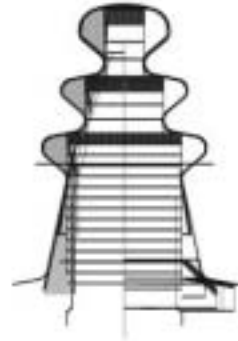

Helical Broaches ▶

Gas & Air Turbin Slot Broaches

Flat Broaches

- Pot Broaches
- Steering Rack Broaches
- Flat & Profile Broaches

Spline Broaches ▶

- Involute Spline Broaches ·
- Solid Carbide Hard Broaches ·
- Spiral Gullet Round Broaches ·

Internal Profile Broaches ▶

A Fundamental Part of the Total Spline Solution Spline Gages ▶

Spline Plug & Ring Gages - GO & NO GO

EST designs and manufactures Spline Gages according to GB, DIN, ISO, and ANSI standard.

Involute Spline Hand Held and Table Stand Variable Gages

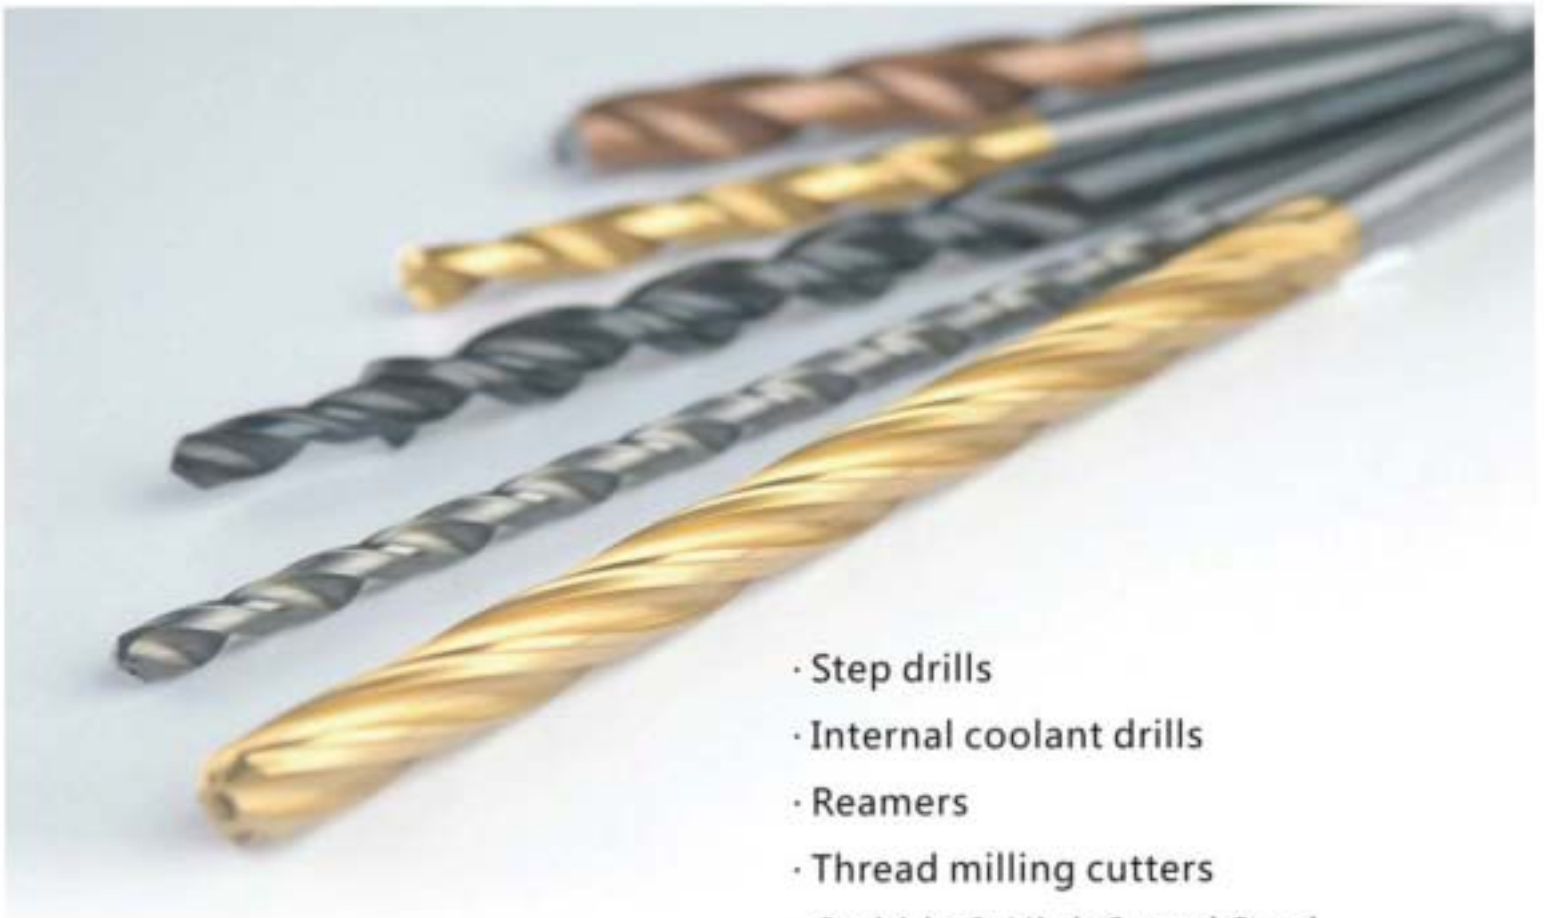

Forming Racks ▶

Spline racks, Thread racks, Worm racks. Inch or metric.
The module of spline racks can be from 0.3 up to 2.
The sizes of racks include 13", 24", 36", 48".

Non-standard drillings and milling cutters ▶

- Step drills
- Internal coolant drills
- Reamers
- Thread milling cutters
- Carbide & High Speed Steel

Hobs ▶

- High-precision hobs
- Dry cutting hobs
- Solid carbide hobs

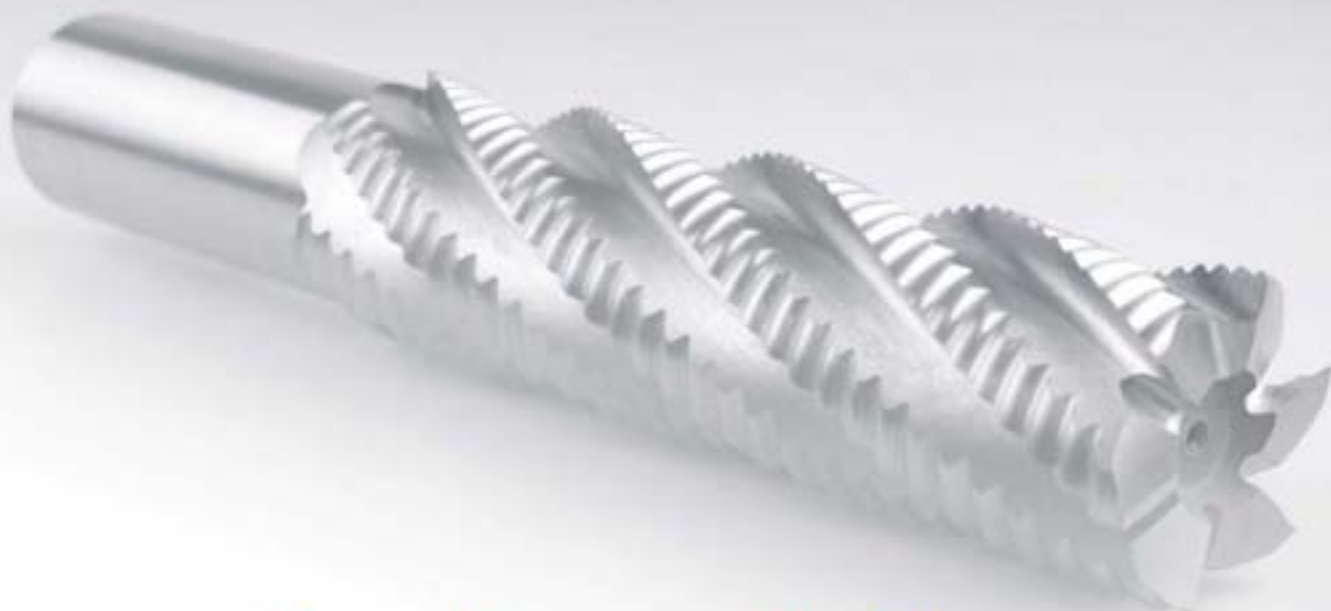

Profile and Form Milling Cutters ▶

End Mills▶

We manufacture many kinds of metric or inch standard milling cutters, according to DIN, JIS and ANSI standard.

Roughing end mills ▶

Hole Saws & Hole Cutters ▶

High Speed Steel and Carbide Tip

Cutting Depth :

0.5-150 mm (1/8—5-7/8 inch)

Diameter :

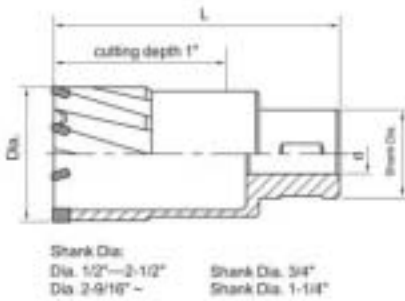

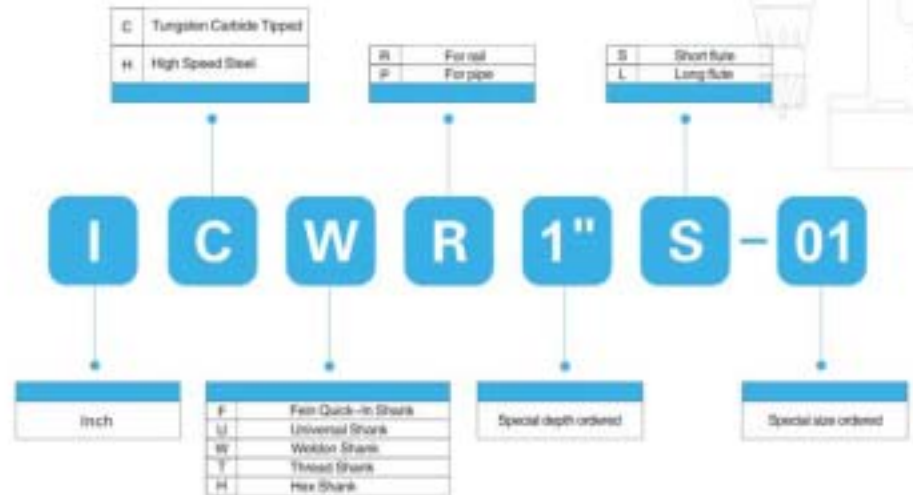

12-200 mm (1/2—7-13/16 inch)

- Fein Quick-In Shank
- Thread Shank
- Universal Shank
- Weldon Shank
- Hex Shank

Ordering Key

Suitable for diameter from 1/2" to 1 1/16"

Suitable for diameter from 3/4" to 4"
